

Kennels

What is a kennel?

As defined in the County of San Diego Zoning Ordinance, a kennel is:

“Any Lot, building, structure, enclosure or premises whereupon or wherein are kept seven or more dogs, cats or similar small animals in any combination, whether such keeping is for pleasure, profit, breeding, or exhibiting, and excluding places where dogs or cats or similar small animals in any combination are boarded, kept for sale, or kept for hire.”

Cat is defined as “A feline that has reached the age of four months.”

Dog is defined as “A canine that has reached the age of four months.”

What are the zoning requirements for kennels?

Each property in the County of San Diego is labeled with an “Animal Designator” that determines the type and level of animal keeping allowed. As specified in the “Animal Schedule” in Section 3100 of the Zoning Ordinance, kennels are permitted by right, permitted provided they are fully enclosed or permitted upon the granting of a Minor or Major Use Permit depending on the animal designator and the size of the subject property. An excerpt of the Section 3100 Animal Schedule is presented below. Note that where a box is unchecked in the chart below, kennels are not allowed under any circumstances. In order to obtain the animal designator for a specific property, please contact the Zoning Department at (888) 267-8770.

Note: Dogs and cats that do not constitute a kennel are accessory uses subject to the Accessory Use Regulations commencing at Section 6150 of the Zoning Ordinance.
